Dear Sir:

SUPPLEMENTARY AMENDMENT UNDER 37 CFR 1.111

Please amend this application as follows:

In the claims:

Please amend claim 8 as follows:

8. (Amended Five Times) In a PC/TV computer system having keyboard for providing alphanumeric characters to said PC/TV computer and also having a display monitor, a method of selecting a network station comprising the steps of:

- storing by a manufacturer predetermined network station names;
- placing said PC/TV computer in one of a TV mode and a Computer mode;
- pressing a first alphanumeric key on said keyboard;
- creating a monitor display of the or each stored network station name containing a first character matching the character associated with said first alphanumeric key;
- effecting user input to the system to mark the or a user selected displayed network station name; and
- then effecting user input to the system to tune to a network station corresponding to the displayed network station name marked by said user input.
